

# 34th M. Smoluchowski Symposium on Statistical Physics

## Wednesday, 29 September 2021

**S7: S7 (09:00 - 11:00)**

time	[id] title	presenter
09:00	[3] Non-Gaussian statistics in soft & bio-matter	METZLER, Ralf
09:30	[26] Unified Approach to Gated Reactions on Networks	SCHER, Yuval
09:50	[44] Epidemic-Driven Collapse in a System with Limited Economic Resource	Dr KLIUSHNICHENKO, Oleksandr
10:10	[33] Extinctions of coupled populations, and rare event dynamics under non-Gaussian noise	Dr AGRANOV, Tal
10:30	[31] The mechanics of domain formation in the gene expression profiles	MAJKA, Maciej
10:50	[30] Achieving robustness and precision in the developing spinal cord with system-level feedback	HO, Richard
10:55	[18] Collagen as Hopf's fibration	Dr WOJNAR, Ryszard
