

39th M. Smoluchowski Symposium on Statistical Physics

Wednesday, 23 September 2026

Session 2 (11:30 - 13:00)

time	[id] title	presenter
11:30	[17] Different types of random motion and generalized Fokker-Planck equations	ANGELANI, Luca
12:00	[11] Multimodality of stationary states in single-well potentials	DYBIEC, Bartłomiej
12:30	[18] Continuous-time random walks with resetting: scaling limits and anomalous diffusions	BEGHIN, Luisa
