

31st Marian Smoluchowski Symposium on Statistical Physics

Monday, 3 September 2018

Mon afternoon (14:30 - 16:00)

time	[id] title	presenter
14:30	[44] Quantum law for partition of kinetic energy	Prof. LUCZKA, Jerzy
15:15	[5] Two distinguishable impurities in BEC: squeezing and entanglement of two Bose polarons	Mr CHARALAMBOUS, Christos
15:35	[50] Weighted models for level statistics across the many--body localization transition	Mr SIERANT, Piotr
