

31st Marian Smoluchowski Symposium on Statistical Physics

Thursday, 6 September 2018

Thu noon (11:00 - 12:30)

time	[id] title	presenter
11:00	[41] Flux and storage of energy in non-equilibrium stationary states	Prof. HOLYST, Robert
11:45	[39] The divergence of collective dissipation length in SCN-induced glass-like transition	Dr MAJKA, Maciej
12:05	[42] Fingering instabilities in tissue invasion: an active fluid model	Mr BOGDAN, Michal
